Mrs. Lizzie Jones and son, Henderson and Mrs. Billy Wagstaff, of Halifax were luncheon guests of her brother, Mr. M. L. Hudson on last Friday.

Notice To Veterans

Approximately 16,993 disabled veterans and dependents of some 12,076 deceased veterans in Virginia who receive monthly pension payments are being reminded by the Veterans Administration to report their annual income promptly and avoid the risk of having their payments stopped.

Carlton W. Bragg, Officer-in-Charge of the Lynchburg VA Office, said VA is now mailing to all pension recipients a tabulating card upon which the income report may be made. Pensions cease under the old pension law if the income of a single individual exceeds $1,400 or $2,700 if the recipient has dependents.

Under the new law, Bragg pointed out, pensions will cease if the income of a single individual exceeds $1,800, or $3,000 if the recipient's annual income rises from one of the lower income brackets — $600 and $1,200 for a single veteran or widow without dependents and $1,000 and $2,000 for a veteran or widow with dependents.

No income questionnaire is sent to veterans or widows who are receiving service-connected benefits.

As a rule, those who have to hustle for a living, have an appreciation of the value of dollars and cents.

KNOW THE WEATHER

By E. H. Sims

Is there much difference in the length of daylight in various parts of the United States?

Yes. At various times of the year there is quite a difference. For example, at the Winter Solstice, which this year came on December 21st, there was more than an hour's difference in the length of daylight in Maine and Florida. Floridians saw the sun more than an hour, longer on that day.

Yet at the autumnal equinox, and the spring equinox, the hours of daylight are practically the same in the northern and southern states. As is the case in December, however, at the Winter Solstice, the hours of sunshine are quite different in the northern and the southern areas in June - at the Summer Solstice.

Then the days in the north are

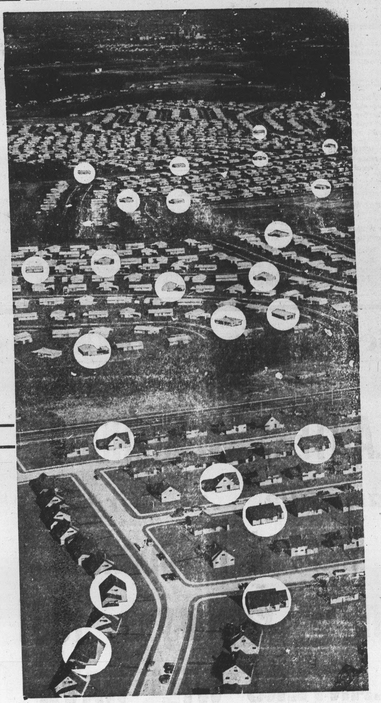
In just two years, over 52,000 VEPCO homes have wired for HOUSEPOWER

Talk to any of those happy families who are Living Better Electrically and you'll call an AUTHORIZED HOUSEPOWER CONTRACTOR.



Modern living starts with modern wiring . . . full Housepower wiring. Without it, even your present lights and appliances can't work their best for you. The toaster browns slowly, lights blink, fuses blow, vacuum cleaner and washer motors overheat and need service. But backed by Housepower, all your electric helpers work dependably . . . and you have power to spare for exciting new electric aids.

One of the local Authorized Housepower Contractors will tell you how quickly and cheaply he can bring your wiring up to Housepower standards. He can do the job without muss or fuss. And you can handle the modest cost on easy budget payments. Plan now to join more than 52,000 VEPCO area families who, since 1958, have discovered the joy of better living with Housepower.

Look in the Yellow Pages or phone VEPCO for the name of your nearby Authorized Housepower Contractor—he will check your wiring and give you a free Housepower cost estimate.
